Btw, good idea to include this as a slide in your presentation – at least the forward timeline part.

Thanks for preparing this succinct status report and schedule, Kathleen.

I'm sharing it with other key contacts so everyone is operating with the same information and so we can respond consistently to EPA HQ.

As requested,

Attached is a timeline of key events – both past and anticipated – for the Bay Delta project. We also added the same “hot topics” paragraph that we submitted to Kelly earlier today. Please let me know if you need more info. Thanks.
